POWERFUL CONVERSATIONS TO ENGAGE YOUR WORK FORCE

Leaders who connect with others have stronger professional relationships, and strong relationships lead to improved results. The best way to create the foundation for professional relationships is by connecting with others as individuals, looking beyond their role in the organization. In this live, 1 hour presentation, you'll learn how great conversationalists put others at ease, build trust, and improve teamwork – leading to improved individual and organizational results.

LEAD CHANGE EFFECTIVELY

Managing through change can be stressful, frustrating and difficult. Being prepared and using an organized approach can help mitigate negative conditions as you manage your own mindset and actions while leading others. Following a proven model for change, you'll devise, plan and apply principles for building respectful, productive relationships where together everyone achieves more. Following a solid roadmap to leading individuals during times of change will enable you to come out even stronger on the other side! This two-hour online workshop will make you a flexible leader during uncertain times so you can remain productive and positive -- and help others do the same.

STRATEGIC PLANNING ESSENTIALS: PREPARE FOR FUTURE SUCCESS

Strategic planning is no longer about developing and identifying key activities that will help guide your company profitability through another year. Today, it's about challenging those activities, questioning the way things are done and the way the organization operates. In this three-hour Live Online Workshop, you will learn the essentials of strategic planning and preparing your organization for future success. You'll examine your organization's processes and develop a strategic intent as the foundation of your organization's plan. You'll evaluate your current situation with renewed vision and strategize ways to improve outcomes.
